SCALEHOUSE
AI SOLUTIONS

For retail agencies.

Here's what runs on its own.

Built by insurance operators for trucking and transportation agencies. Everything is documented in the system you already use, and your team signs off on anything that goes out.

INTAKE

Every email read, sorted and routed

ACORDs and apps typed in once

Loss runs extracted and tied out

DRIVERS & UNITS

Driver changes drafted for the carrier

MVRs pulled and matched

Fleet schedules built from spreadsheets

ENDORSEMENTS

Change requests drafted and invoiced

Follow-ups tracked until done

COIs ready to send in one click

RENEWALS

Expirations flagged early

The renewal file built for you

Remarket prepped

PROSPECTING

Any prospect looked up by DOT

Authority and CSA read before you quote

Bad fits flagged before you quote

EVERY MORNING

A briefing on renewals and deadlines

MVRs and credentials coming due

Notes written to the file for you

Built around your shop. Keep your system, or let us build one.
